

Parent involvement is the key component of Edgewood's high quality programs and affordable costs and is the most consistent predictor of school success.

Co-op Helps Parents

- Increase understanding of child development and gain greater insight into your own child.
- Strengthen parenting skills through parent education programs.
- Develop new friendships and enjoy the support within the co-op community.
- Share, develop and improve leadership, planning, and decision making skills.
- Increase your child's chance for success in school because you are actively involved in your child's education!

Co-op Helps Children

- Make a gradual transition from home to school.
- Learn to share parents, and learn to trust and accept help from other adults.
- Strengthen the parent/child bond by sharing time together in the school setting.

Edgewood Preschool Cooperative does not discriminate on the basis of race, religion, or ethnic origin.

Class Times and Costs

We offer play-based kindergarten readiness programs for ages 2-5 years old. The child-to-adult ratio is kept low by having participating parents assist the teacher in each class.

<p><u>STAY and PLAY</u> 2 year olds, Parent/Child Class</p> <p>T or TH, 9:30-11:00 AM Three ten-week sessions Call or visit website for more info!</p>

What is a Co-op Preschool?

Edgewood Preschool Cooperative is a non-profit preschool run by parents, who work closely with qualified teachers to enhance a child's social, emotional, intellectual and physical growth through a safe and appropriate kindergarten readiness learning program.

Developmental Goals for Edgewood's Children

- Social/Emotional**
 - Develop pro-social behaviors of sharing and cooperation
 - Develop awareness of others' feelings
 - Develop self control
 - Develop problem solving and decision-making skills
- Intellectual**
 - Develop appropriate language, pre-reading, pre-math and simple science skills
 - Stimulate curiosity in learning through discovery, exploration and play
 - Encourage creativity, problem solving and decision-making skills

Physical

- Develop fine motor and large muscle skills

Edgewood Preschool Cooperative

Edgewood Preschool Cooperative was established in 1962. EPC is a member of Parent Cooperative Preschools International (PCPI) and the Indiana Council of Preschool Cooperatives (ICPC).

EPC Mission Statement
 Educating and Enriching the minds and spirits of Preschoolers and their Parents within a Cooperative Community

"PLAY is the work of children."

The Co-op Commitment means:

- Participating in your child's classroom once or twice a month, depending on class size
- Performing one of the many jobs, suited to your interests and available time, that keep the school operating efficiently
- Working and learning together through training sessions, parent support meetings, class meetings, and school-wide events.

Participation Fits Into Parents' Schedules:

- Parents may request specific dates to participate.
- Mothers and fathers may share the classroom participation responsibility.
- Some parents choose a relative or other caregiver who will consistently participate in their place.
- Babysitting of siblings while a parent participates is often traded with other co-op members.

Health Requirements:

- Participating adults must provide proof of a negative TB test yearly.
- Each child must have a physical exam form completed by the child's physician and have up-to-date immunizations.
